Subject Index

Volume 25

A

Academic-based nurse-managed centers, 5:222
Academic dishonesty, professional practice and, 270
Academic papers, evaluation strategy for, 4:185
ADN curriculum, home healthcare across the, 5:204
Advanced practice nursing programs, teaching health assessment in, 4:170
Ambiguity, strategies for enhancing student learning by managing ambiguities in clinical settings and, 4:173
American Nurses Association, social policy statements of 1980 and 1995 of, 1:17
Appalachia, peer-mentor project for disadvantaged students in Appalachia, 277
Artist-in-Residence program, 5:207
Assessment. See *also* Evaluation; Health assessment; Testing techniques
  of drug calculation, calculators for, 5:213
  evaluation strategy for essay questions and academic papers and, 4:185
  pop quizzes strategy as to promote critical thinking and, 4:155
  preparing for NCLEX-RN following initial failure and, 4:175
  recent trends in NCLEX examination and, L1
  testing leadership and management concepts in baccalaureate education and, 4:181
Associate degree program, online, 1:15
At-risk students, supporting in clinical experiences, 5:216
Australia, collaborative off-shore nurse education in, 2:57
Authoring software, for courses delivered on Web, 1:21, 2:61, 3:110, 4:158

B

Baccalaureate education
Baccalaureate nursing students in research, progressive involvement of, 4:155
  collaborative workshops between Canada and China for, 2:88
  cross-cultural comparison of concerns of beginning baccalaureate students and, 267
  fostering students' interest in nursing research and, 5:226
  portfolios for evaluation of, 2:82
  promoting organ donation awareness in programs for, 262
  testing leadership and management concepts in, 4:181
  in Turkey, 4:166
Breastfeeding students, support for, 2:75

C

Calculators, for drug calculation examinations, 5:213
Camp experience, as learning experience, 3:121
Canada, collaborative workshops with China, 2:88
Career decisions, 1:5
Caring, photographs to promote, 1:6
Case management
    case study approach to teaching, 2:87
    teaching of, 2:57
Charting, computerized, 5:206
Child safety, using suitable communication techniques at daycare to teach, 5:204
Childbearing, facilitating health education about, 5:206
Children
  with disabilities, increasing students' sensitivity to families of, 1:43
  health teaching about food for, 5:205
China, collaborative workshops with Canada, 2:88
Client education
  about childbearing, 5:206
  about food, for children, 5:205
Clinical conferencing, fostering sensitivity in, 4:155
Clinical education
  clinical collaborative model for, 1:25
  comparison of teaching strategies for integrating information technology into, 3:136
  concept mapping in, 2:76
  impact of prior nursing-like work experience on student performance in, 3:107
  impaired student performance in, 1:38
  low-cost teaching tools for, 3:116
  parish nursing for, 1:8
  portfolio for assessment in, 5:241
  strategies for enhancing student learning by managing ambiguities in clinical settings and, 4:173
  student placement in clinical settings for, 1:8
  supporting at-risk student and, 5:216
Clinical guidelines, for teaching psychiatric-mental health nursing, 3:149
Clinical performance, impact of prior nursing-like work experience on a student's, 3:107
Cognitive mapping, paperwork reduction using, 2:76
Cognitive rehearsal, 1:19
Collaborative education
  in Australia, 2:57
  clinical collaborative model for, 1:25
  collaborative workshops with Canada and China, 2:88
Collaborative learning, encouraging among diverse students, 5:219
College-age population, health promotion practicum targeting, 1:48
Communities, health assessment of, computerized geographic mapping, 4:172
Community health nursing textbooks, ethics content in, 4:186
Community partnerships, 6:287
Complementary therapies, in nursing curriculum, 5:247
Computer-based testing system, 3:108
Computerized charting, 5:206
Computerized geographic mapping, community health assessment using, 4:155
Computerized geographic mapping, for health assessment of communities, 4:172
Computer technology. See *also* Electronic education
  to teach critical thinking, 5:210
Concept mapping, paperwork reduction using, 2:76
Conceptual frameworks, for curriculum development, 2:95
Continuing education, conceptual frameworks for curriculum development in, 2:95
Convocations, as teaching strategy, 270
Cookie experiment, for teaching about research, 294
Cooperative learning groups, when preparing for the NCLEX-RN Essay Critical thinking assessment of, 1:9
  computer technology to teach, 5:210
  concept mapping to promote, 2:76
  infusing into curriculum through faculty development, 2:70
  pop quizzes as strategy to promote, 4:155
Cultural diversity
  cross-cultural comparison of concerns of beginning baccalaureate students and, 267
  encouraging collaborative learning and, 5:219
  increasing cultural sensitivity of students and, 3:131
Curriculum
  ANA social policy statements of 1980 and 1995 and, 1:17
  complementary therapies in, 5:247
  conceptual frameworks for development of, 2:95
  faculty approaches to knowledge acquisition and, 3:117
  infusing critical thinking into, through faculty development, 2:70
  new model for, 5:237

D

Decision making, concept mapping to promote, 2:76
Disabilities, increasing students' sensitivity to families of children with, 1:43
Disadvantaged students, peer mentor-tutor project for, 277
Dishonesty, academic, professional practice and, 270
Distance education, 1:28
  for rural family nurse practitioner students, 3:114
Doctoral programs, stress management strategies for women in, 5:251
Drug calculation examinations, calculators for, 5:213

E

Electronic education
  authoring software for courses delivered on Web and, 1:21, 2:61, 3:110, 4:158
  computer-based testing system and, 3:108
  computer technology to teach critical thinking and, 5:210
  distance technology for, 1:28

evaluation tool for instructional software and, 3:145
impact of educational technology on faculty and, 274
online associate degree in nursing and, 1:15
for rural family nurse practitioner students, 3:114
Emotional intelligence, 264
Epidemiology, teaching via poster session, 1:5
Essay questions, evaluation strategy for, 4:185
Ethics
academic dishonesty and professional practice and, 270
in community health nursing textbooks, 4:186
Evaluation. See *also* Assessment; Testing techniques
of instructional software programs, 3:145
of instructor effectiveness, 2:65
of learning, portfolios for, 2:69
of undergraduate nursing programs, portfolios for, 2:82
Examination, benefits of, 3:107
Experiential learning, 3:121

F

Faculty
approaches to knowledge acquisition and, 3:117
impact of educational technology on, 274
infusing critical thinking into curriculum through faculty development and, 2:70
First class, breaking the ice in, 3:107
Fun, infusing into learning, 1:13

G

Geographic mapping, computerized, for health assessment of communities, 4:172
G.R.O.W.T.H. approach to teaching, 1:7
Health assessment
of communities, computerized geographic mapping, 4:172
teaching in advanced practice nursing programs, 4:170

H

Health education
about childbearing, 5:206
about food, for children, 5:205
Health promotion, practicum targeting college-age population, 1:48
Healthy Schools Project, 5:204
Helfer skin tap technique, 272
Holistic care in oncology nursing, fostering of, 3:130
Hospitals, partnership with, to promote writing skills, 4:195

I

Impaired student performance, in clinical settings, 1:38
Injections
Helfer skin tap technique for, 272
intramuscular, angle for, 1:34
Instructor effectiveness, evaluation instruments for, 2:65
Intelligence, emotional, 264
International education
collaborative off-shore nurse education in Australia, 2:57
collaborative workshops with Canada and China, 2:88
cross-cultural comparison of concerns of beginning baccalaureate students and, 267
university-based nursing education in Turkey, 4:166
Internet. See *also* Electronic education
Internet sources, evaluation of, 5:204
evaluation of sources on, 5:204
Intramuscular injections, angel for, 1:34

J

Journals, survey of, 5:227

L

Leadership, testing concepts of, in baccalaureate programs, 4:181
Learning, collaborative, encouraging among diverse students, 5:219

M

Management, testing concepts of, in baccalaureate programs, 4:181
Mental health nursing, standards of practice and key clinical points for teaching, 3:149
Mentoring, for disadvantaged students, 277
Minorities, increasing cultural sensitivity of students and, 3:131
Mock epidemic, community-based, 1:5

N

NCLEX examination
preparing for, following initial failure, 4:175
recent trends in, 6:297
Nurse-managed centers, academic-based, 5:222
Nurse practitioner students, rural, distance education for, 3:114
Nursing, as career decision, 1:5
Nursing research, fostering BSN student interest in, 5:204
Nutrition, health teaching about, for children, 5:205

O

Off-shore nurse education, an Australian initiative, collaborative, 2:57
Online associate degree in nursing, 1:15
Organ donation, promoting awareness of, on university campus, 262

P

Pain, reducing, using Helfer skin tap technique for injections, 272
Pain management, effects of nursing education on students' knowledge of, 1:33
Parish nursing, 1:8
Partnerships, with students, 4:162
Patient outcomes, enhancing, emotional intelligence and, 264
Patient transfer, teaching safer methods of, 288
Performance assessment, 2:59
Photographs, to promote caring, 1:6
Placing, students in clinical setting, 1:5
Political involvement, integrating with nursing education, 2:99
Pop quizzes, use of, to promote critical thinking in nurses, 4:155
Portfolios
for assessment in clinical instruction, 5:241
development of, teaching process for, 282
documenting learning learning in a personal way through, 2:57
for evaluation of learning, 2:69
for evaluation of undergraduate nursing programs, 2:82
teaching, 3:125
Problem solving, assessment of, 1:9
Professionalism, academic dishonesty and, 270
Psychiatric-mental health nursing, standards of practice and key clinical points for teaching, 3:149
Publication
evaluation strategy for academic papers and, 4:185
journal survey and, 5:227
partnership to promote writing skills for, 4:195

Q

Questions and academic papers, evaluation strategy for, 4:155

R

Rehearsal, cognitive, 1:19
Reading activities of nursing students, 6:273
Research
cookie experiment for teaching about, 294
fostering baccalaureate students' interest in, 5:226

S

Sensitivity, to families of children with disabilities, increasing, 1:43
Software
authoring, for courses delivered on Web, 1:21, 2:61, 3:110, 4:158
instructional, evaluation tool for, 3:145
Standards of practice, for teaching psychiatric-mental health nursing, 3:149
Stress management
step-by-step process for, 3:130
strategies for, for women doctoral students, 5:251
Student evaluation, unobtrusive, 6:266
Student perception of a curriculum, assessing, 6:261
Student placements, in clinical settings, 1:8

T

Teaching, G.R.O.W.T.H. approach for, 1:7
Teaching portfolios, 3:125
Teaching strategies
Artist-in-Residence program as, 5:207
convocations as, 270
for enhancing student learning by managing ambiguities in clinical settings, 4:173
infusing fun into learning and, 1:13
for integrating information technology into clinical education, comparison of, 3:136
to promote critical thinking, pop quizzes as, 4:155
Teaching tools
clinical, low-cost, 3:116
cognitive rehearsal as, 1:19
partnerships with students and, 4:162
Tertiary nursing, as a career decision, 1:5
Testing techniques
computer-based, 3:108
for critical thinking assessment, 1:9
for performance assessment, 2:59
for problem-solving assessment, 1:9
Textbooks, community health nursing, ethics content in, 4:186
Turkey, university-based nursing education in, 4:166

U

Undergraduate education. See Baccalaureate education

V

Videoconferencing, distance education using, 1:28

W

Web
authoring software for courses delivered on, 1:21, 2:61, 3:110, 4:158
impact of educational technology on faculty and, 274
